

# Pulse Science and Technology Forum

November 5–7, 2019 | Toronto, Canada | [aocs.org/pulseforum](http://aocs.org/pulseforum)  
An international symposium on analysis, nutrition and applications of plant proteins

The global population is growing and rapid developments in the science and technology of alternative proteins will soon be a demand. As the first event of its kind, the Pulse Forum will bring together a committed group of international professionals on **November 5–7, 2019, in Toronto, Canada**, to further advance their vision of a sustainable future through proteins sourced from pulse crops.

Reach a global audience of researchers, academics and industry professionals working in the research and development of plant proteins by being a sponsor at this unique event.
