YOU AND YOUR ORGANIZATION

What is your primary affiliation (choose one)?

- Academia
- Consulting
- Government
- Industry
- Retired
- Student

What is your primary job function (choose one)?

- Analysis
- Applied Research
- Basic Research
- Chemist
- Company Management
- Engineer
- Marketing and Sales
- Plant operations
- Product Development
- QA/QC
- Regulatory
- Teaching/Training
- Technician
- Other

I am interested in the following topics (check all that apply):

- Analytical
- Animal Feed
- Biochemistry
- Biodiesel & Biorenewables
- Biotechnology
- Edible Applications, Food
- Food Structure
- Health and Nutrition
- Industrial Oil products
- Lipid Oxidation and Quality
- Oleochemicals
- Personal Care, Fabric and Home Care, Cosmetics
- Phospholipids
- Processing
- Protein and Co-products
- Specialty Oils
- Surfactants and Detergents

Membership applications received through September 1, 2019, will be processed for the 2019 membership year unless otherwise indicated.

Applications received after September 1 will be processed for the 2020 membership year at 2020 membership rates.

Antitrust Statement

The American Oil Chemists' Society is organized for charitable, educational and scientific purposes. It does not have as its purpose the promotion of any product, manufacturer, laboratory or business. Members of the Society do not and may not speak for or on behalf of the Society without the expressed permission of the Governing Board.

AOCS Mission Statement

AOCS advances the science and technology of oils, fats, proteins, surfactants and related materials, enriching the lives of people everywhere.

AOCS: Your international forum for fats, oils, proteins, surfactants and detergents.

This Code has been adopted by AOCS to define the rules of professional conduct for its members.

AOCS Code of Ethics • Chemistry and its application by scientists, engineers, and technologists have for their prime objective the advancement of science and benefit of mankind. Accordingly, the Society expects each member:

- 1) to be familiar with the purpose and objectives of the Society as expressed in its articles of incorporation; to promote its aim actively; and to strive for self-improvement in said member's profession;
- 2) to present conduct that at all times reflects dignity upon the profession of chemistry and engineering;
- 3) to use every honorable means to elevate the standards of the profession and extend its sphere of usefulness;
- 4) to keep inviolate any confidence that may be entrusted to said member in such member's professional capacity;
- 5) to refuse participation in questionable enterprises and to refuse to engage in any occupation that is contrary to law or the public welfare;
- 6) to guard against unwarranted insinuations that reflect upon the character or integrity of other chemists and engineers.
