

AOCS thanks our 300+ volunteer editors and reviewers whose work has made *JSD* a success. Their contributions as reviewers make it possible for *JSD* to provide valuable basic and applied scientific research regarding the interfacial behavior of petrochemical and oleochemical surfactants and detergent ingredients to the scientific community worldwide.

We particularly thank **George A. Smith**, who has served as editor-in-chief since 2015, and we welcome **Douglas G. Hayes** who takes over as editor-in-chief in 2020.

We look forward to working with you in 2020!
