

AOCs thanks our volunteer editors and reviewers who provide expert peer review for *Lipids* and whose work has made the journal a success. Their contributions make it possible for *Lipids* to provide key research regarding the chemistry, biochemistry, clinical nutrition, metabolism and methods of lipids to the scientific community worldwide.

We particularly thank **Eric J. Murphy** for his dedication to the journal. Eric's 13-year tenure as the *Lipids* editor-in-chief came to an end at the end of December 2019. We welcome **Graham C. Burdge** of University of Southampton who takes over as editor-in-chief in 2020

We look forward to working with you in 2020!
