The European Section of AOCS
Travel Grant

The program was established to encourage junior level faculty to become active in the Section and the Society.

The funds allocated to the individuals are intended to partially pay travel and meeting registration expenses to attend the AOCS Annual Meeting. It is anticipated that the funds may not cover the total expenses incurred and this grant would supplement other travel funds.

NATURE OF THE GRANT
- Maximum number of individual grants per year limited to two
- Total of all grants disbursement for any given year may not exceed €1,500
  - Individual grants limited to no more than €750
  - Individual grant limits may vary based upon need, location, and funds available
- The review committee will determine which expenses shall be reimbursed

ELIGIBILITY
- Ph.D. students in lipid science at a European university, or within three years of having received the Ph.D. (1st Post Doc)
- Must be a current or past student at a European university
- Will be required to give a presentation in the technical program during the AOCS Annual Meeting

APPLICATION PROCEDURES
The applicant should submit:
- a curriculum vitae, including grant procurement, students supervised, published papers
- a one-page report detailing the current area of research
- title and summary of presentation

APPLICATION DEADLINE: February 1
Complete applications should be sent to Victoria Santo, AOCS Program Manager, Membership Recognition at Victoria@aocs.org. The winners of the travel grants will be contacted by the end of February. Members of the European Section leadership team will serve as the grant review committee.
