

AOCS thanks the volunteer editors and reviewers who provide expert peer review for *Lipids*, and whose work has made *Lipids* a success. Your contributions as a reviewer make it possible for *Lipids* to provide key research in the general area of lipid research, including chemistry, biochemistry, clinical nutrition, and metabolism, as well novel methods in the field of lipid research, to the scientific community worldwide.

We look forward to working with you again in 2018!
