

# THOMAS H. SMOUSE MEMORIAL FELLOWSHIP

## MAJOR CONTRIBUTORS:

AOCS

AOCS Foundation

Archer Daniels Midland Company

## PROGRAM DESCRIPTION and APPLICATION INSTRUCTIONS

DEADLINE FOR APPLICATION – 1 FEBRUARY

# FELLOWSHIP

AOCS Thomas H. Smouse Memorial Fellowship was established in 1996 to honor longtime AOCS member Thomas H. Smouse, who passed away at age 59 on August 24, 1995.

Dr. Smouse received his bachelor's degree in 1958 from Pennsylvania State University where he studied in the agricultural and biological chemistry department. He was later recruited by Stephen S. Chang to enroll in graduate school at Rutgers University, and while at Rutgers he became one of the first AOCS Honored Students (1964). His graduate work at Rutgers with Dr. Chang is considered among the classic studies on soybean oil flavor and stability. He received his master's degree from Rutgers in 1964 and his doctorate in 1965.

Dr. Smouse joined AOCS in 1962, served on numerous committees, and worked his way to the presidency of AOCS (1983). After his term as president, he continued to participate in various society activities, including speaker/instructor at many AOCS meetings and conferences, board member of the Lipid Oxidation and Quality Division, and chairperson of the Uniform Methods Committee. Dr. Smouse was a member of many committees, including the Technical Activities Coordinating Committee, Books and Special Publications Committee, and Awards Administration Committee. He published numerous scientific and technical papers in journals and books for AOCS and was coeditor for two AOCS monographs.

Dr. Smouse was widely recognized as an exceptional scientist who was eager to share his talent and experiences with colleagues throughout the fats and oils industry. Before his death, he talked of his wish to establish a fellowship for students involved in fats and oils chemistry. This award was made possible by contributions from Tom's wife, Elizabeth Smouse; their children, Thomas, Deirdre, and Robert; AOCS; Archer Daniels Midland Company; and many other individual and corporate donors who knew and respected Tom Smouse.

This award is in memory of his dedication and enthusiasm for lipid chemistry and his commitment to family, education, and AOCS

# THE PROGRAM

## Payments

The monetary value of the award is \$15,000 and consists of two components. The Fellowship is a stipend of \$10,000\*. The second part of the award is \$5,000\*\* and shall be given as a research fund to be used by the recipient for travel to professional meetings (first priority is AOCS Annual Meeting) and for research expenditures related to the student's graduate program. Funds will be paid to the awardee in two installments, August 15 and January 15, through the department head. With each installment, we ask that the department head verify academic registration with the recipient.

\*The Fellowship is intended to be a monetary award to be added onto a student's regular stipend. See section A5, under Eligibility Requirements, for limitations on award amounts.

\*\*The research fund expenditures will be overseen by the major professor. Any money remaining in the account when the student graduates shall be returned to AOCS Foundation.

## Program Objectives

The purpose of this graduate fellowship is to encourage and support outstanding research by recognizing a graduate student pursuing an M.S. and/or Ph.D. degree(s) in a field of study consistent with the areas of interest of AOCS. Primary qualifications include the highest standards of academic excellence and the reasonable expectation that the recipient, upon receipt of the degree, will enter into and make significant contributions to the field consistent with the goals and interests of AOCS.

## Eligibility Requirements

The general eligibility requirements for applicants are that the individuals must be scholastically outstanding with interests and involvement outside the academic discipline. Age, sex, race, financial need, and religion are not conditions of eligibility for award. Applications must be received at AOCS headquarters no later than February 1.

Other specific eligibility requirements for the award are as follows:

### A. Graduate Fellowship

1. The candidate is a graduate student beginning or continuing a course of study leading to an M.S. and/or Ph.D. degree(s), with preference for Ph.D. candidates.
2. The candidate is a person with an above-average interest in and aptitude for research.
3. The school of enrollment can be any educational institution that is conducting fundamental

investigations in the chemistry of fats, oils, proteins, surfactants, and detergents, as described above.

4. Student and major professor must be current members of AOCS.
5. The fellowship awardee's total nonservice awards (including the Smouse Fellowship) shall not exceed \$15,000. Only the Fellowship component of the award (\$10,000) applies toward this total nonservice award limit. If the nonservice awards' total (including the Smouse Fellowship) exceeds \$15,000, the Smouse award will be reduced to bring the total to \$15,000. Nonservice awards do not include assistantships and tuition or fee waivers from the school. At the time of the fellowship offer, the awardee will be required to file a signed statement concerning the amount of the nonservice awards that have been accepted.
6. A fellowship awardee becomes ineligible for further payments when the degree (or degrees) for which the fellowship was awarded is achieved, or if the student drops or substantially changes the planned research program during the tenure of the fellowship. It is the responsibility of the student and major professor to notify AOCS Foundation within 30 days after such a change occurs.

#### **B. Approved Program**

The term "approve program" refers to the degrees and curricular options in the areas of interest to AOCS as previously defined.

### **Application Procedures—Students**

1. AOCS, upon request, will supply copies of the application and program guidelines.
2. Except for the above request, all inquiries, correspondence, and completed applications must be submitted to the department head of the educational institution that the students attending. Do **not** send them directly to AOCS.
3. All information and attachments requested in the application must be provided. Incomplete applications may be returned to the student if there is time; otherwise, they will not be considered. On the other hand, only submit what is requested; nonpertinent materials make evaluation of the application more difficult.
4. All applications require that the student submit an official transcript of *all* undergraduate and graduate college or university work completed to date. If an official transcript (sealed and signed by the granting institution) cannot be submitted, then an unofficial transcript signed by the department head may be submitted.
5. **IMPORTANT:** Application and all required attachments must be submitted to the student's

department head by January 15. The deadline for each program is given on the application.

6. Incomplete applications, late submissions, or applications in which grades are not given may be causes for disqualification.

### **Application Procedure—Department Heads/Major Professors**

1. Upon receipt, the application should be checked for completeness. If time permits, return incomplete applications to sender.
2. The major professor should execute the required statement in the Application for Graduate Fellowship.
3. Applications must be received at AOCS headquarters no later than February 1.

### **Special Notes—Students and Department Heads/Major Professors**

Fellowship renewals are contingent upon the acceptance by AOCS Recognition Program Committee of a progress report submitted by the fellowship holder and his/her major professor. The progress report must be submitted no later than November 1 of each year. It is the intent of AOCS Foundation to sponsor a student through the completion of his/her degree (two years for a master's degree, three years for a Ph.D. degree). Beyond these limits, request for extension will be reviewed by AOCS Recognition Program Committee.

### **Application Evaluation**

Applications will be evaluated by AOCS Fellowship Selection Committee. The Fellowship Selection Committee may consist of persons from industry, government, and academia. The committee also may seek opinions from external advisors, if necessary, to better evaluate proposals.

### **Notification**

Written acceptance from the successful applicant must be received at AOCS headquarters by **April 15**. All fellowship applicants and their department heads/major professors will be notified of the outcome of the fellowship competition by **May 1**. A list of winners and alternate(s) will be sent to department heads if requested. Alternates who may become eligible will be notified immediately after **April 15** and will have two weeks to return their acceptance letter. Other alternates, who may become eligible later because winners transfer to other programs or fail to register in the fall, will be notified of their eligibility as soon as possible in August or September.

## AOCS Thomas H. Smouse Memorial Fellowship

This list reflects contributions received as of November 2013.

### MAJOR CONTRIBUTORS:

AOCS  
AOCS Foundation  
Archer Daniels Midland Foundation

### BENEFACTORS:

American Fats and Oils Association, Inc.  
Mr. and Mrs. Edward Campbell  
Dr. Stephen S. Chang  
National Institute of Oilseed Products  
Mrs. Bernetta Smouse  
Mrs. Elizabeth Smouse and children, Thomas,  
Deirdre, and Robert  
Unichema North America  
Fabrica De Jabon la Corona S.A. DE. C.V.

### DONORS:

Dr. Masao Abe  
Mr. and Mrs. Omer I. Adams  
Dr. and Mrs. Thomas H. Applewhite  
Mr. and Mrs. Gilbert J. Barteau  
Dr. Fred Baur  
Dr. Joyce L. Beare-Rogers  
Mrs. William Becker  
Bedford High School Class of 1954  
Edith Madore Bender  
Mr. Bruno Berra  
Mr. Thomas Boyden  
Mr. Roy Carr  
Prof. Juan Chavez-Peraza  
Mr. and Mrs. Jesse E. Covey  
Mrs. Lois Crauer  
Dr. James Daun  
Mr. and Mrs. James Dyke  
Mr. David Eagleson  
Mr. and Mrs. Robert Edmondson  
Dr. and Mrs. James G. Elliott  
Mr. Raul Ferrari  
Dr. and Mrs. David Firestone  
Dr. Thomas Foglia  
Mr. Gordon Franklin  
Mr. Carl Fritsch  
Mr. Arnold Gavin  
Mr. Dennis Gordon  
Ms. Ruth Hallock  
Dr. Earl Hammond  
Dr. Gerald Hasenhuettl  
Dr. Tetsutaro Hashimoto  
Mr. and Mrs. Robert C. Hastert  
Mr. Carl Heckel  
Dr. Samuel Herb

Hickory Point Bank and Trust  
Mr. Yasuhiko Higuchi  
Mr. Walden Hilty  
Dr. Choichiro Hirai  
Mrs. Gertrude Holzinger  
Mr. and Mrs. J.L. Idleman  
Miss June Imes  
Mr. Lewis Jacobs  
Dr. Robert Jensen  
Dr. Lawrence Johnson  
Dr. Ranjit Kadan  
Dr. Akio Kato  
Mr. Seth Kursman  
Mr. Ray Lawrence  
Mr. and Mrs. Richard Lins, Jr.  
Mrs. Janet Mazzier  
Dr. Magdi Mossoba  
Dr. Yukinobu Murase  
Dr. and Mrs. Frank Orthoefer  
Mr. and Mrs. Nicholas Pelick  
Dr. Edward Perkins  
Mr. and Mrs. Frank Petri  
Mr. Robert Pierce  
Mr. William Porter  
Mr. Jalam Punwar  
Dr. Raymond Reiser  
Dr. and Mrs. F.A. Ruecker  
James, Courtney, and Logan Schroeder  
Ms. Suzanne Shackley  
Prof. Kiyotaka Sato  
Mr. Jeffrey Scott  
Mr. Barry Smith  
Dr. Frank Smith  
Mr. Michael J. Smith
