Type a message

Have a question? Ask

Take a moment to familiarize yourself with the icons that are available that control the volume and size of the live stream:

Ascending Vertical Bars: these will control the volume of your livestream. Click a box and turn it blue to increase the volume, or gray to decrease the volume.

Expanding Arrows: this will control the size of your screen. Click once to enter full screen viewer or click again to return to original size.

Troubleshooting the Live Stream

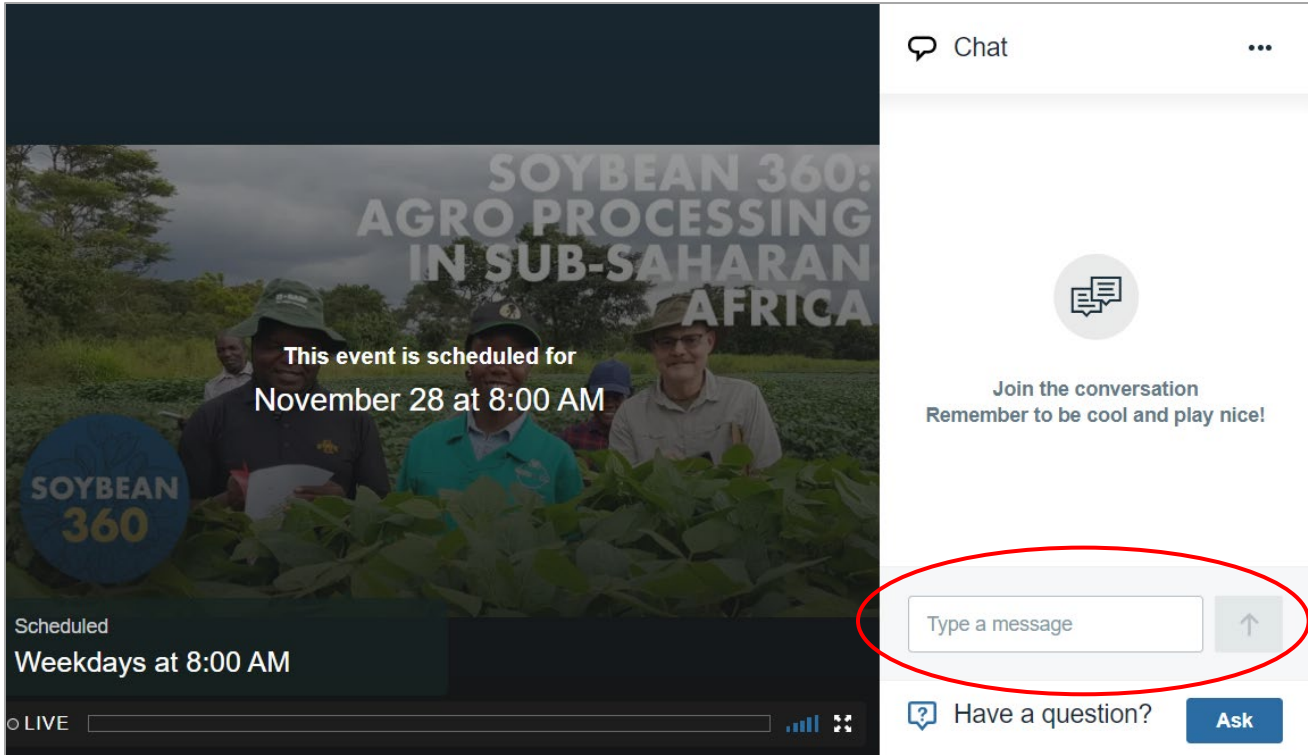

- If you are unable to hear any sound at all, be sure your speakers are turned on, and you are not set to Mute within the live stream window.
- If the slides or speaker appear blurry at any point, it may be an internet connectivity issue. If you know that your connection is good, and you refresh your screen, but the images are still distorted, the issue is with the speaker's connectivity. It will be up to them to remedy that issue.
- If you are having trouble with the video feed or are not seeing any video at all during the time of the Live Stream event, try refreshing your browser. You can do this by clicking the circular refresh icon beside the URL or holding down Ctrl + R buttons on your keyboard on a desktop/laptop.

Optimize your Internet Connection

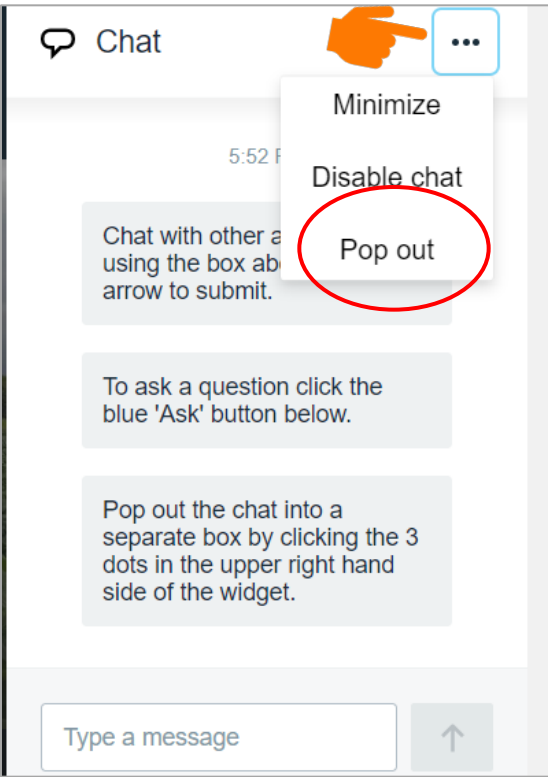

- Turn off unused or extra internet-connected devices.
- Disable VPN and close email, instant messaging and any programs or webpages not being used.
- Use a wired connection (ethernet) instead of wireless internet.

Join the Discussion

Chat with other attendees using the chat box located to the right of the livestream viewer. Click the arrow to submit your chat message

Pop out the chat by clicking the three dots in the upper right-hand side of the widget

Ask a Question

You can pose questions to the audience or the presenter using the “Ask Question” button located on the bottom right of the widget. Type in your question and hit Enter. Other attendees will be able to see your question, and vote-up questions that they find most relevant. As your question accrues points, it will move to the top of the list.

The screenshot shows a user interface for asking questions. At the top, there is a header with a question mark icon, the text "Ask a question", and a close button (X). Below this is a text input field with the placeholder "Type your question here" and a submit button with an upward-pointing arrow. A toggle switch labeled "Ask anonymously" is positioned below the input field. The main content area is divided into two tabs: "Recent" (which is selected) and "Popular". Under the "Recent" tab, there are three question entries, each with a profile picture, the user name "AOCS", a timestamp, a thumbs-up icon, and the question text.

Recent	Popular
<p> AOCS a few seconds ago 0 thumbs up Click the X in the upper right hand side of this widget to return to the discussion</p>	
<p> AOCS a few seconds ago 1 thumbs up Vote for a question to be answered by clicking the thumbs up icon</p>	
<p> AOCS a minute ago 0 thumbs up Enter your question in the box above and click the arrow</p>
